Mr. Greg Sarkisian
Sarkisian Builders, Inc.
42 Glenwood Road
Rutland, MA 01543

Dear Greg:

Now that our home and garage addition projects are complete (along with the re-roofing project of the existing house & garage), Erica and I would like to formally thank you for all your assistance in managing each of these projects to a successful completion. We are thrilled with our new living space and the opportunities it has given us to enjoy time together with family and friends. The additional storage space in the garage is already being put to good use. Knowing that we are sleeping under a new roof that will last for another 30 years has added a sense of security to our hectic lives. The additions to our home are as beautiful as they are functional, and we will enjoy them for years to come.

From our first phone call and consultation, we knew we had found the right person and company to assist us with completing our construction projects. Prior to contacting Sarkisian Builders, we spent almost a year working with a number of other contractors on designs and trying to obtain project quotes. You immediately responded to our wishes and addressed all our needs by producing a design plan and complete project quote within one week of our initial meeting! From that point on you were always there for us, providing support, guidance and understanding during the inevitable ups and downs involved when undertaking construction projects of this magnitude. During the few times that we did have concerns on certain phases of the project, you immediately addressed each issue to our ultimate satisfaction. Never once were you anything less than completely understanding, and your sole focus was always on our satisfaction and happiness.

Please also extend our thanks to your crew. Tony, Rich and Dave were all a pleasure to deal with. They were always neat, kind and courteous and took the time to update us on each aspect of the project.

Please feel free to add us to your list of customer references. We would welcome the opportunity to show our projects to any of your potential customers who want to see the quality of your company's work first hand. Should we ever need any additional work on our home, you can be assured that our first and only phone call will be to Sarkisian Builders.

Once again Greg, thank you for all your help. It was a pleasure working with you over these past few months and the results are terrific.

Sincerely,

Noel & Erica Skerry
